

DAVID BYRNE'S AMERICAN UTOPIA

Innovative pop/rock icon David Byrne (Talking Heads, *Here Lies Love*) shares the spotlight with a diverse ensemble of 11 musical artists from around the world in **DAVID BYRNE'S AMERICAN UTOPIA**, providing "an experience unlike anything else" (*Billboard*) and marking a major cultural milestone in the worlds of music and theater.

Together with production consultant Alex Timbers (director of *Moulin Rouge!*, *Beetlejuice*) and choreographer Annie-B Parson (Byrne's collaborators on *Here Lies Love*), Byrne and company deliver "a marvel of staging and motion" (*Chicago Tribune*) that's as surprisingly poignant as it is extremely funky. Don't miss this "thought-provoking example of the power of live music" (*Forbes*) as it explodes off the stage of one of Broadway's most intimate theatres.
